

Prestigious developer specifies Showersave® on luxury homes

Winkfield Gate, Berkshire

Showersave® was specified in the Windsor Great Park, Winkfield Gate development in order to provide home-owners with an innovative energy-saving technology which coincides with Antler Homes ethos of maximising energy efficiency in all of their homes.

ANTLER HOMES
Strictly limited editions

Antler Homes prides itself on building luxury homes to the highest standard and this shows through their growing collection of industry credentials. In the What House Awards, 2014 Antler won Gold for 'BEST SMALL HOUSEBUILDER' for the second consecutive year. Antler homes are designed to maximise energy efficiency and Showersave has proven to be a great contributor to this objective.

“Showersave is a simple concept which is easy to implement, but delivers a surprisingly effective energy saving. The fact that it is also cost effective within SAP is a bonus”

(Neil Lockhart, Design Director, Antler Homes)

Benefits of Showersave

- Showersave is recognised by BRE in SAP
- Low cost and therefore a hugely competitive £ per point in SAP
- Offers developer a cheaper alternative to MVHR, Solar PV or Triple glazing, yet achieves similar carbon and energy savings.
- Showersave remains one of the most cost effective solutions to achieve the new demands of Part L 2013
- Customers benefit from reduced heating costs
- Zero aftersales issues with Showersave.
- Showersave is a “fit and forget” technology, lasting the life of the building and requires zero maintenance.
- Showersave offers an unparalleled rate of return on investment over the life of the building.
